TOTAL NDIS COST FOR 40 WEEK PROGRAM		\$7043.60

Work and Community Program (WCP)

2 days per week | 9:00am – 3:00pm (6hrs)

Our WCP runs across two days a week and supports Young Adults utilising their 'School Leaver Employment Supports' NDIS funding. In the WCP participants target their work-focused self-determined goals in a group setting. This program forms the critical bridge between school life and work.

- Supports provided in this program include:
- Help participants explore and understand their work potential
- Focus on capacity building, developing skills, independence and confidence to work
- Are tailored to the individual and their unique pathway to employment
- Are reviewed periodically to make sure the supports are meeting the participant's goals
- Workplace learning opportunities provided in a range of settings

Whilst we advertise this as a 'program' it is important to note that it is not a 'one-size-fits-all' approach. These supports are person-centered, individually tailored, strategies which can be implemented so participants of varying skills and needs can reach their employment goals.

WorkPlace Learning is a component of this program.

10_021_0102_5_3	Capacity Building: Finding & Keeping a Job (SLES)	\$293.24 Per day
